AI on US for Full Stack Customer Promotion

The Industry's Most Complete Full Stack Portfolio and Proven AI with huge savings!!

Make Every User Experience Exceptional with Juniper AI-Native Campus and Branch Full Stack Solutions.

For a limited time, take advantage of HUGE savings with Juniper's full stack of AI-Native Campus and Branch solutions featuring industry-leading Wired & Wireless infrastructure and tunnel-free AI-Driven SD-WAN.

END-TO-END ASSURANCE Only Juniper has the client-level visibility required to anticipate and fix issues across the campus and branch before they become problems.

TRANSFORMATIONAL SCALE AI-Driven Enterprise Full Stack solutions ensure simplicity, productivity, and reliability, vital for digital transformation. Automation across the campus and branch promises faster deployment, reduced OpEx, and better resource utilization.

SECURITY IN EVERYTHING WE DO With integrated next-gen security, Juniper's full stack prevents, identifies, and inspects threats with high-performance throughput and scalability whether on-premises or in the cloud.

Promotional Offer

- AP Series
- EX Switches
- SSR Series
- Mist AI Cloud subscriptions

Timeframe

- Valid from January 25th to December 31st 2024

Customer Eligibility

- Available globally, where Juniper AI-Native Campus and Branch solutions (AP, EX Series, SSR Series) are certified for sale.

- Promotion is available for both new and existing Juniper Mist customers.

- Existing customers are only able to leverage this promotion in the event they are purchasing a net new Juniper Mist product or solution type.

- Have at least 1000+ non-Juniper AP, 300 switches, or 100 WAN edge devices of a competitor product in operation in their network.

Let's Get Started

- Ready to experience the most proven AI in networking? For a limited time, we're offering Juniper's full stack of AI-Native Campus and Branch solutions at a fraction of the regular cost!

- Mix 'n match any combination of eligible wired, wireless, and WAN appliances and cloud subscriptions to create a deployment scenario that's right for you!

- Request a quote from your Juniper representative or Juniper Authorized Reseller

*Recommended price for information purposes only. The actual purchase price is determined by the Juniper Authorized Reseller and customer.
