

## Chapter 40

# Setting Up Your SRC Environment on a Solaris Platform

After you install the SRC software and perform initial configuration tasks, you are ready to set up your SRC environment. Table 24 provides the names of SRC guides that contain detailed information about configuring or installing SRC components that have been presented in previous sections. All SRC documentation for the current release can be found at the Juniper Networks public Web site: [www.juniper.net](http://www.juniper.net).
